Hello Alex,

Thank you for reaching out.

My apologies for the delay in response; I do appreciate everyone's patience as I work to restore myself as best I can after this summer. It is becoming clear to me that I nearly faced death as a result of the Title IX incident I experienced in July, so I am pleading with you to give me some grace as I am processing the trauma. Please be assured that I am doing my best to perform my duties and I am grateful to be a part of Eastern. After reflecting, I admit that I need to be more timely and more communicative - shutting down gets us nowhere and causes ripple effects.

Regarding the salient items you present:

-
-

Subject: Check In

Good Morning Demitric,

I'm just reaching out to follow up on some of the things we talked about during our one-on-one last week. Could you please let me know the items below by tomorrow morning if you have a chance?

- What date/time will you be having staff meetings this semester?
- Have you set up your one-on-ones with each of your RAs?
- You mentioned needing to have a follow-up conversation with RA . How did that go?

I noticed when I was in the RA office on Friday that the emergency contact forms don't seem to be in room or alphabetical order. Can you please have an OA organize those today in alphabetical by last name order in case anyone else needed to look through them? If the OAs haven't verified their info yet in eLife either, then they can do that as well unless you've had them go through the forms already. Please let me know what your plan is for this or if it's already done.

Additionally, I know that _____ are due to Paul by the end of this week. When you send that outline to him/the leadership team, can you include me as well? If I'm free on the date you pick, I might stop by to say hello to people.

Thank you,
Alex
