CT CHRO requires that complaints be sent to the corresponding office to the town where the discriminatory act occurred, with some exceptions.

In my case, discriminatory acts occurred in Hartford, (CSCU), New Britain (CCSU), and Willimantic (ECSU). ECSU corresponds to the Norwich CT CHRO Office and CSCU and CCSU correspond to the Hartford CT CHRO Office.

By emailing Cheryl Sharp, who is in the Hartford Office, I ensured that all relevant offices were included in my complaint filing.

Hello Ms. Sharp, Mr. Aldi, Atty. Engler and Atty. Buffkin:

Attached, please find my Complaint against Connecticut State Colleges and Universities (CSCU), including Central Connecticut State University and Eastern Connecticut State University. The file name is *Baez vs. CSCU FINAL.pdf*. The remaining attachments are the various emails that corroborate my claims with further documentation and synthesized analyses. Please confirm receipt of my submission at your earliest convenience. The attachment *DBaez Unemployment.pdf* shows the fallacious reporting of my employment status, causing me to be in a position of further financial harm due to CSCU's unwillingness to settle without state oversight.

I look forward to hearing from you.

Attys. Engler & Buffkin, please be advised that the old "starve him out" playbook rule does not work on the educated. My Hispanic and male demographic intersection do not equate to the inferior or automatically violent persona you will likely attempt to assert me as. You are simply afraid to deal with someone who has knowledge. Ultimately, C.G.S. §46a-83b will cause CHRO to attempt to put us right back where we **would have been** if CSCU settled before the matter landed under the spotlight of Connecticut's civil rights enforcement agency. This is immediacy at its finest.

Happy Holidays to all and may this be a veraciously handled Complaint.
